FRIDAY JULY 28 1944

NUMBER 12

Interesting Rotary Program Monday

A very interesting Rotary program was held Monday. Attendance was small a great many of the members still being away on holiday. After the delicious meal was finished Vice-Pres. Tom Roberts turned the time over to Program Chairman Lee Beverton who took charge of the program.

Paul Woolley of the Royal Canadian Navy was called on first and told of his experiences since he left Ray. After the delicious meal was finished Vice-Pres. Tom Roberts turned the time over to Program Chairman Lee Beverton who took charge of the program.

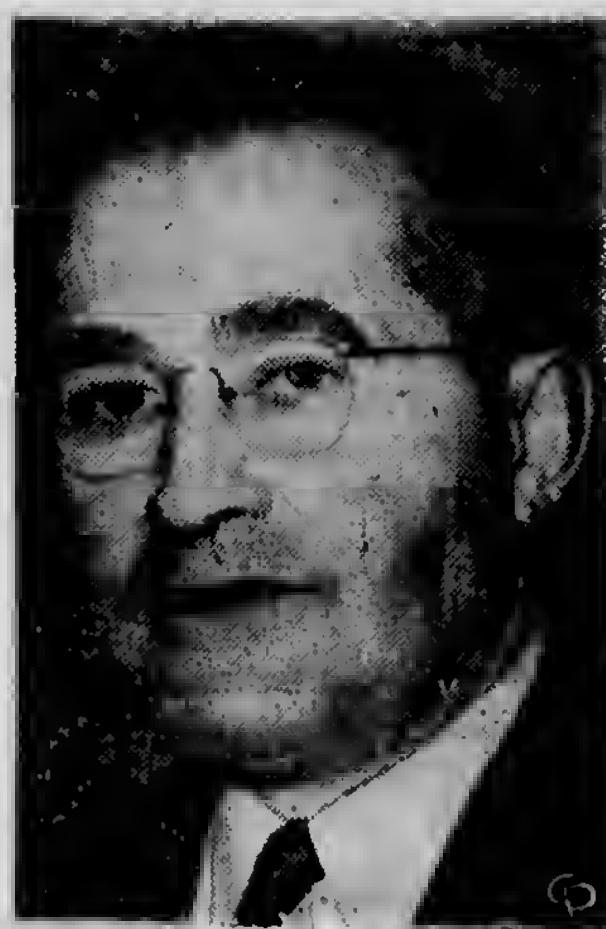

Paul was taken off the Athabasca about six weeks before she was sunk in action. He had a great many experiences and said the happiest moment of his life was when he got back to Raymond and was able to greet his friends again.

Robert Walker, who has just returned from a two years mission in the Western Canadian Mission told of his experiences and the various cities and villages he had labored in. He expressed his joy at having been permitted to serve in the mission field. He hoped now to attend McGill University and complete his medical course and then be ready to serve wherever needed.

Both speakers were given a hearty round of applause at the conclusion of their talks and the meeting adjourned after singing "God Save the King."

Jim Weaver of the R.C.A.F. stationed at Lethbridge was home on week end leave.

Mayor Julius Anderson of Ft. William, Ontario M.L.A. and here in the interest of the C.C.F. was a Raymond visitor on Thursday with R.B. Eshom local C.C.F. Candidate.

HON. SOLON E. LOW

Social Credit Candidate of the Warner Constituency

Solon E. Low was born at Cardston in 1900, educated there and at Calgary, and later at the University of Southern California. He became school principal and was elected to the Legislature in 1935. In the Social Credit landslide, appointed Provincial Treasurer in 1937, he speedily won renown as a keen, energetic and faithful custodian of the Public Treasury. In 1940 he was elected by acclamation for Vegreville, and continued his cabinet work. He is Dominion Leader of the Social Credit Movement, and since the elevation of Hon. E. C. Manning to the premiership, has also been an excellent Minister of Education.

NEWS NOTES

It is better to wear out than to rust out.

Howard Melchior was in Lethbridge on business on Monday afternoon.

Bob Bradley "Neb" Fairbanks "Ruz" Jensen and Jimmy May are spending a week at the Waterton Lakes.

Mrs. Geo. H. Higgs of Los Angeles Cal. is visiting relatives here. She reports we miss a lot of the beauty of our country by not seeing it from the air. Mrs. Higgs is a sister to A. J. Walton and Mrs. M.W. Boyson.

Paul Woolley of the R.C. Navy, surprised his folks on Saturday night when he walked in on them for a two month's furlough. He had telegraphed from Halifax that he was back in Canada but they didn't know when to expect him home and were not expecting his so soon.

Robert, son of Mr. and Mrs. E. L. Spackman is home on leave and will report again in thirty days. He has had more than his share of bad luck in the service having malaria fever and dysentery along with a broken rib and a bad cold. He is sure he will be posted for service in Canada.

Art Pope Passes Away

Art Pope, veteran of two wars and a resident of Raymond and district for many years passed away Tuesday night and the funeral is being held this afternoon in the 2nd Ward Chapel.

Art was an active member of the local branch of the Canadian Legion and had charge of the collection of salvage of various kinds, always making a good success of it and using his shoe shop as a storage space for it. For years he worked for the Knight Sugar Co. at the Kildare as repair man for saddles, harnesses and shoes, and after the power machinery replaced the horses, he opened a shoe and harness repair shop here in town and worked at it for many years. He was liked by the kids and always had a smile and a kind word for them.

A veteran of the Boer war and of World War I he had done his full share as a Britisher and was to the fore always with the rest of the Legion executive in any undertaking. He has no relatives in Canada, but brothers and sister reside in England. At the time of his passing he was working for J.H. Walker, M.L.A. and was looking after a large band of sheep.

POULTRY RAISERS GIVEN CHANCE TO MARKET YEAR OLD HENS

Poultry producers in Alberta will be called upon to ship 250,000 pounds of fowl, three pounds or better dressed, to the United States Government for army use. Only fowl that will dress out to grades A or B are acceptable to the order.

Farmers should cull their old hens immediately. All birds that are well fleshed and fattened and have a straight breast bone and weighing not less than four pounds live weight should be shipped to the nearest Manning poultry receiving station without delay as this order is open only until August 5th.

Social Credit Meeting Held

A well attended Social Credit meeting was held in the Opera House last Friday night with the Hon. Solon E. Low as the principal speaker. Julius L. Anderson, president of the Constituency organization was in the chair.

The speaker gave a report of the accomplishments of his government during its tenure of office and plans now under way to improve conditions for everyone and mentioned the increased old age pension and other legislation such as free medical care for cancer, tuberculosis and the recently instituted care for maternity cases free of charge. His talk was interesting and instructive.

In the question period two questions were propounded which merited written replies, and below we print the questions and the speakers reply to them.

Replying to a question regarding Agricultural education in our High Schools, Mr. Low stated:

We used to have an agricultural course on the High School Curriculum, which we found during the revision of courses of study to be utterly useless. It was nothing but a snap "hook-course," hence, when the new progressive education was introduced this course was dropped. An useful course in Agriculture could be devised and applied. We have been working away since that time in an effort to formulate a course that will give the students who take it practical experience in Agricultural procedures and methods.

RAY B. ESHOM

C. C. F. Candidate of the Warner Constituency

Mr. Eshom, now 33 years of age was born in Olympia, Washington U. S. A. He came to Canada in April 1920 with his parents, where they settled at Rainier, Alberta, in the Eastern Irrigation district. There he attended school and worked with his father on the farm. In 1928 he took a course at Garbutt's business college in Calgary, and later successfully held a position, as salesman, for one of the largest machine companies there. He met and married Miss Elmer Roughsedge, while in Calgary, and they now have four children. After the death of his father, he went back to Rainier & operated the farm until 1935, when he came to Edinburg and took over the store, which he now owns and operates, under his management it has grown into a very large and successful business.

Mr. Eshom, has long been interested in public affairs, and has endeavored as a youth he was president of his local J. U. F. A. And is

along with a background of modern Agricultural philosophy designed to raise farming to a position of dignity and importance in the minds of our young people. Many problems are being met in our efforts, among which is the most important one of equipment and space at the majority of our High Schools. I have concluded that the Composite High School is the answer to this problem, and it is for this reason that I am pressing hard for their establishment in Alberta.

Asked what reply he had to make to M. J. Coldwell's accusation at the Lethbridge Arena Tuesday night that he was a "Jew-baiter," Mr. Low made this reply:

Mr. Coldwell, nor anyone else for that matter, can produce one single evidence that I have ever in any speech or writing so much as mentioned the word Jew. Furthermore, no utterance of mine at any time has ever remotely implied any anti-Jewish feeling on my part. Evidently the Socialist Leader was referring to what I said at Chateau Laurier, Ottawa on July 5, wherein I named a group of banks and bankers, largely German, who had plotted the enslavement of the nations of the world through control and manipulation of International Finance. I did not, and do not now know that any of these Germans are Jews, and in exposing them and their plots I did not hint even that they might be Jews. Now why our National Socialist champion should have branded me as a "Jew-baiter" is beyond me. Why didn't he say I was a "German-baiter" and was preaching "Anti-Germanism"? It seems to me that Mr. Coldwell is himself doing everything he can to stir up racial strife by continuously accusing others of Anti-Semitism. I want to state most emphatically that Social Crediters are not "Anti-Semitic" in all our declarations we have consistently stated that the Social Credit Philosophy is the one unifying force in all Canada. It is true that we are fighting monopoly—all monopoly and cartels, whether private or Bureaucratic Socialist, and we fight them irrespective of the color, race, creed, or nationality of the monopolists. It would be most interesting to the people to know just what is behind Mr. Coldwell's tender feelings regarding what he so often denounces as "Jew Baiting." Truly "he protesteth too much."

NEWS NOTES

Bruce Haggie was home on leave from the Air Force school at Macleod for the week-end.

Mrs. L. L. Palmer and her girls went to Waterton Park Friday for a few days vacation.

Mr. and Mrs. Billy Meeks and family returned Tuesday after ten days spent in Waterton Park.

The J. L. Anderson family returned from Waterton Park on Tuesday of this week after a ten days stay there.

Mr. and Mrs. Jacob Weinheimer of Welling received a telegram on Wednesday that their son Eric who was with the Canadian Army was killed in the invasion of France. We extend our deepest sympathy.

now chairman of the local school board. He is an advocate of social and economic reform, as a means of building a better Canada.

Second Ward Outing Wednesday Afternoon

WOOL LAB. AT LETHBRIDGE

OTTAWA, July 23—Plans are well advanced for establishment of a wool lab at Lethbridge to investigate the breeding of sheep, Agriculture Minister Gardiner said today in the commons.

He said it now was decided that Lethbridge, Alta., was the best place to establish the laboratory as most of the high quality wool breeds of sheep now were in Southern Alberta and Saskatchewan.

In a general review of current research activities at experimental farms, Mr. Gardiner said 10 acres of rubber plants were on the central experimental farm at Ottawa, while there are 60 acres in Peterborough County in Ontario.

In insected flax there was a problem owing to the fact the best varieties for Western Canada Blon and Red Wing were susceptible to rust. A new variety Royal, which yields as well as Blon and Red Wing has been developed.

Work on rust-resistant grains was continuing with a view to getting high yielding varieties. The farm at Brandon, Man., specialized in rust resistant barley and now was multiplying two promising varieties.

Work at Swift Current, Sask., on developing a solid-stem wheat which could resist the wheat stem sawfly had met with success. Two strains have been developed.

Roy Graham (L. Swift Current), and P. E. Wright (C.C.F., Melfort) deplored the low salaries they said were paid to men carrying on scientific research in agriculture.

Mr. Gardiner, answering questions said results were being obtained from work on alfalfa seed production.—Lethbridge Herald

Crop Conditions

As this is written Tuesday afternoon the weather is still very hot and dry. After a week of dry, hot weather, with scorching winds, crops on everything but the best of summer fallow look decidedly dry and burned. Stubble in fields are gone completely and stands on part of the summerfallow are thin, short and turning brown as the sun continues to pour down upon the already dry and parched ground. It is disheartening indeed to see the deterioration of the fields which looked so promising for the first part of the crop season. Winter wheat looks good as a rule and on summerfallow look well to date and a good fair yield on most wheat summerfallow will be harvested.

Hay on irrigated land is looking pretty good but second and third cuttings will be lighter than usual. There will be no wild hay and winter pasture unless we have good fall rains will be scanty and poor. Pastures now are brown and seared, but cattle are in good shape still.

Where beets have been sufficiently irrigated and well cultivated good yields will be taken off. Where they have been neglected at all the fields do not look so good and yields will be low.

Water has been sufficient for needs to date, but with the rationing of the flow in the main canals there will not be so much and some further loss may be occasioned unless heavy rain relieves the situation in the very near future. A light shower fell Monday night but only enough to settle the dust and roads were dry again Tuesday morning. The need of the day is a good soaking rain for three or four days steady to really soak up the land and put a little reserve below the root line of the crops.

JAS. H. WALKER

Independent Candidate, Warner Constituency

Jas. H. Walker, the Independent Candidate for Warner Constituency was born in Coalville, Utah in 1885. He was educated there and in Salt Lake City. Coming to Canada when 18 years of age he engaged in farming, where he took the hard knocks that came to a pioneer.

Much of his lifetime has been spent in giving service to his fellowmen. For 3 years he did missionary work for his church in Holland, he served as a Counsellor and Bishop of a Raymond ward for 29 years; it was under his leadership that the first Second Ward Chapel was built. He was a school trustee for 4 years and Reeve of the Sugar City Municipality for 5 years. Through persistent efforts as President of the Board of Trade he was able to get the Sugar Factory established at Raymond. His private interests have been carried on successfully as farmer, rancher and sheepman. For 30 years he has been in charge of the Knight Sugar Companies affairs.

In 1940 he was elected to the Alberta Legislature and was chosen House Leader of the Independent Group, by 300 Independent delegates in February. This means that the Warner Constituency has an opportunity of having its member as the next Premier of Alberta.

Boiler Inspector Gray was a Raymond visitor on Tuesday on official business.

C. B. Alfred was suffering with a lame back last week-end and had to have an adjustment to get the kinks straightened out.

Victor Meech, Hospital architect of Lethbridge, was a Raymond visitor Monday night and Tuesday checking up on the progress at the building.

NEWS NOTES

Ralph Rhea, son of Mrs. T. T. Mendenhall enlisted in the United States Army at Calgary last week.

Ken Walton of the C.A.B. recently returned from the U.S. and is visiting with Mrs. Boyson.

Mildred Boyson has been having her holidays, first at Banff and this last week with her mother at Raymond and Magrath.

Mrs. B. Spencer Young, daughter of Chas. W. Brown, returned to home in Salt Lake City on Monday this week after a visit with her father and other relatives here.

Mr. and Mrs. Morris Hol are the proud parents of twin girls born last Friday at the Hospital in Lethbridge. Mother and babies are doing fine and Morris is almost normal again now after the excitement.

The 2nd Ward Men and Gleaners held a fireside service Sunday evening at the A.P. Scoville home. Speakers were Ralph Walker and LaRay Anderson reporting on some of their missionary experiences. A very enjoyable evening was spent.

Home missionaries Wm. A. Anderson and Leonard Watson were at the 2nd Ward Sunday evening last on their regular appointment. A good crowd was present and a very interesting meeting was held.

Shirley King left Thursday morning for Ottawa after a two weeks leave here. His wife, who has spent most of her time in Lethbridge with her mother, returned east with him. They have had a very pleasant reunion with friends and relatives during their visit.

It's a good Idea

To Know

Your TREASURY BRANCHES, operated by the Government of Alberta, extend complete loaning facilities to the businesses and individuals of this province.

It's a good idea to consult your local Treasury Branch manager. He'll be glad to explain how funds are made available to farmers, primary producers... to towns, villages, municipal districts, school areas... to Alberta manufacturers, wholesalers and retailers.

See your local Treasury Branch Manager... SOON!

Haven't you
ever talked over
the back fence?

MAYBE you have a neighbour who doesn't know what it's all about when it comes to raising cucumbers. Or perhaps he hasn't a knack with roses. So you tell him what spray to get, or you give him a little lesson in pruning. And next thing you know he says: "I'm certainly sold on that advice you gave me."

And that's how progress comes about. A fellow comes along who knows more than you do about life insurance, for instance, and first thing you know you see a way to protect yourself and your wife and the kiddies, a plan you might never have thought of, yet it seems easy once you start.

If there were no salesmen, hundreds of thousands of people now insured would be without the security they enjoy. So many people put off till tomorrow what they should do today—so many neglect provision for the future. That is why the helpful neighbours who sell life insurance have become such great instruments in the promotion of thrift.

It is good citizenship to own

Democracy in Business

THE CO-OPERATIVE MOVEMENT IS DEMOCRACY IN BUSINESS. AS IT DEPENDS ON HUMAN AGENTS TO CONDUCT, IT CAN NEVER BE PERFECT, BUT IT IS A LONG WAY AHEAD OF THE CAPITAL STOCK COMPANY AND THE MODERN TRUST CORPORATION.

CO-OPERATION DOES NOT EXIST IN LAW OR IN FORMULA. IT EXISTS IN THE MINDS AND HEARTS AND PURPOSES OF THE PEOPLE. IT IS FOUNDED ON MUTUAL CONFIDENCE AND TRUST. WITH THE DEVELOPMENT OF THESE IDEALS PEOPLE CAN MAKE A SUCCESS OF CO-OPERATION.

THE ALBERTA WHEAT POOL IS A CREATION OF THE FARMERS OF THIS PROVINCE. IT HAS DEMONSTRATED ITS EFFICIENCY AS A BUSINESS ORGANIZATION AND ALSO ITS ADHERENCE TO THE CO-OPERATIVE PRINCIPLES. TO MAKE IT A GREATER SUCCESS THAN EVER, IT NEEDS THE INTEREST AND SUPPORT OF A GREATER NUMBER OF THE FARM PEOPLE OF THIS PROVINCE.
